### **B. Business Manager:**

Explained that we are in the final stage of the 2021-22 Draft of the Proposed Budget.

Updated that as we continue to review and audit contracts and service providers, we were able to lock in to a very low rate for electricity. This month we were able to get information in regards to an energy consortium and in meeting with them, Chrislynn Energy, we were able to lock into a rate of 4.526, rather than our old rate of 4.872 with Consolidation Energy. We locked into a 36-month agreement saving us \$2,420 annually, and \$7,621 for the life of the contract. As we keep reviewing contracts and service providers we will improve our centers cost efficiency and productivity in regards to both contracts and service providers.

We continue to focus on our fiscal responsibilities as we develop and plan for building and campus-wide updates and revisions to better suit the needs of our students.
